UNICODE ADD-IN FOR MICROSOFT OFFICE

Typing made easy...

You may not be a seasoned typist, but with Liyana Mahaththaya's help, you will deftly work around the welter of complex Sinhala and Tamil characters.

Liyana Mahaththaya Office Add-In is accessible through the Ribbon control of Microsoft Excel, PowerPoint, and Outlook.

Devanagari Writer included

Devanagari script typing too has been added to Liyana Mahaththaya Office Add-In.

Requirements

The following installations must be available on your computer for using Liyana Mahaththaya Office Unicode Add-In:

- Windows 8/7/Vista/XP operating system,
- Microsoft Office 2007/2010/2013,
- Siyabas Unicode Kit from ICTA - Sri Lanka (www.siyabas.lk).

Dot Net Framework

Microsoft .Net Framework 4 Client Profile may be installed by Liyana Mahaththaya, if a similar one is not available on your Windows system. In that case, you might be prompted to re-start the computer during Liyana Mahaththaya installation.

Installing Office Customization

At the end of the initial installation of Liyana Mahaththaya with the InstallShield Wizard, these icons will be available on the Desktop:

Install LM
Excel Ribbon

Install LM
PowerPoint Ribbon

Install LM
Outlook Ribbon

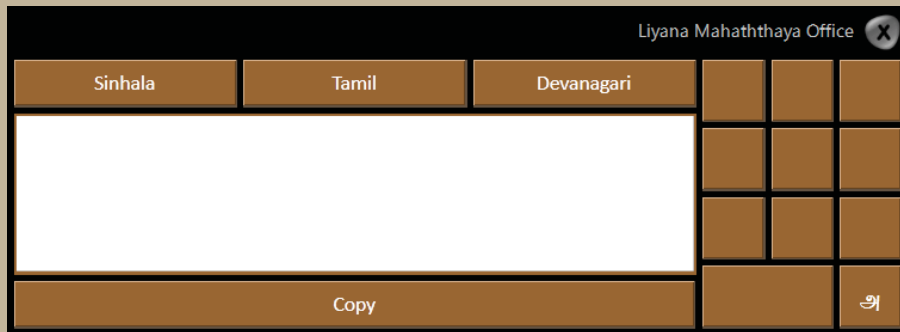

Select them according to your requirement to customize the related Ribbon.

After the installation, open the relevant Office applications to verify that the Ribbon is customized with Liyana Mahaththaya tab, and then you may delete the Office customization icons from the Desktop.

Copy and paste

Type your text on Liyana Mahaththaya 'Chocolate' window and paste on your Office document.

Please note that Liyana Mahaththaya Excel, Outlook, and Powerpoint integration is slightly different to what we did with Liyana Mahaththaya and Devanagari Writer Word Add-Ins. For example, you can get focus on the document while the Chocolate is displayed.

How to use

Select the Help Button on Liyana Mahaththaya tab to display a comprehensive user guide.

Licence

Free for personal use. For-profit organizations need to purchase a licence after a three-month trial.
